

South32 Junior Landcare

Enhancing Habitat Grants 2017

Application Questions

The intention of this document is to provide potential applicants with a preview of the application requirements prior to registration; this is not an application form.

The application form is available on the [Community Grants Portal](#).

School Information

School Name and Address:
School Type: <input type="checkbox"/> Primary school <input type="checkbox"/> Secondary school
Briefly describe any current or recent environmental projects or initiatives your school is involved in (max. 200 words).

Primary Contact Information

First Name:
Surname:
Position: (e.g. teacher, parent, etc)
Phone Number:
Email:
Your school's contact details will be updated on the National Landcare Directory . Please select the privacy level you would like: <input type="checkbox"/> Visible on the National Landcare Directory <input type="checkbox"/> Visible to Landcare support bodies <input type="checkbox"/> Visible to Landcare Australia only

Project Information

Project title
Project site <input type="checkbox"/> On school grounds <input type="checkbox"/> Off school grounds – at an area of interest If the proposed site is not on school grounds, please ensure you have the appropriate approvals to undertake the works.
Write a description your proposed project. In this section please include details of the project site (e.g. location, size, existing environmental values) (max. 400 words).
Describe the design features of your project site that will encourage student engagement into the future (e.g. outdoor classroom area, nature trail, ongoing monitoring) (max. 300 words).
How many students will be directly involved in the project? (# field).
How many volunteers will be directly involved with the project? (# field).

Project Activities

List the activities you will undertake as part of the project. For each activity please detail who will be involved (e.g. students, parents, community groups) and the timeframes for completion (max. 250 words, point form is acceptable)

Describe how your school will maintain the project site, to ensure that it improves native habitat in the long term (max. 150 words).

Project Outcomes

What impact will this project have on biodiversity values and the natural environment in your area? (max. 300 words)

What are the expected educational outcomes and how does the project link with relevant curriculum (e.g. undertaking background research, monitoring changes, collecting data)? (max. 300 words)

Community Involvement

Will the project involve input from a local Landcare group or similar?

Yes

No

If yes, please provide the group name:

Describe how the group(s) will contribute to the project (e.g. provide technical advice on site or plant selection, attendance at planting days, undertake site preparation) (max 300 words). Please include information on any other technical support that will be available to the project.

South32 Involvement

Are there any opportunities for South32 staff to be involved in the project? (e.g. working bees, workshops or planting days)

Yes

No

If yes, please detail:

Project Budget

Item Description	Column A: Funding Requested (max. \$5,000)(# field)	Column B: In-Kind Contributions (# field)	Column C: Total Cost (# field)
TOTAL:			

Financial Information

School ABN:

Is your school registered for GST?

If your school does not have an ABN, you must arrange for an affiliated group with an ABN to receive the funds on your behalf (e.g. a local council). Name of affiliated group:

Affiliated group ABN:

Is the affiliated group registered for GST?
