

LANDCARE AUSTRALIA'S DGR (DEDUCTIBLE GIFT RECIPIENT) POLICY

1. Introduction

Did you know you can fundraise for your Landcare group and offer your supporters a tax deductible receipt through Landcare Australia?

Landcare Australia understand the importance of fundraising for your group, network or state and territory peak body.

To assist with your fundraising, Landcare Australia has developed a DGR Policy to support your fundraising endeavours.

The policy outlines how your supporters can claim a tax deduction for a one-off donation, how to run your own fundraising campaign, and details on receiving assistance in running your fundraising campaign.

Landcare Australia is a not-for-profit organisation with an ATO approved Deductible Gift Recipient (DGR) status. This enables donors to receive a tax deduction for their donation.

Many Landcare groups, networks and state and territory peak bodies do not have their own DGR status. This policy sets out the terms under which Landcare Australia provides funding to assist the Landcare movement.

Landcare Australia's funding support must be consistent with Australian law, guidelines set by the Australian Taxation Office and Landcare Australia's objects as set out in its Constitution, namely to:

- a) Develop a Landcare ethic amongst all Australians;
- b) Encourage and stimulate public awareness of the importance of Landcare and the adoption of Landcare principles;
- c) Encourage and stimulate public participation in Landcare activities;
- d) Encourage and facilitate education on Landcare principles in schools and the community generally;
- e) Educate and disseminate all forms of information through all media to promote the objects of the company;
- f) Develop activities to attract corporate and community funding for appropriate projects consistent with the objects of the company;
- g) Distribute funds to appropriate projects consistent with the objects of the company.

2. DGR policy

This policy outlines the requirements for groups, networks and peak bodies when seeking to utilise Landcare Australia's DGR status for fundraising activities.

It is imperative that Landcare Australia's DGR status is protected, and its use is compliant with guidelines set by the Australian Taxation Office (ATO).

The ATO guidelines prohibit Landcare Australia acting as a "mere conduit", which means that the donor cannot direct where the gift is to be applied. Landcare Australia directors are required to allocate funds in accordance with Landcare Australia's mission and purpose.

Landcare Australia has the right to cease to provide funding and to remove the permit of any group, network or peak body to fundraise through Landcare Australia if there is evidence that the activity has a detrimental impact on Landcare Australia's reputation or DGR compliance framework.

This policy applies to all types of fundraising a Landcare group, network or peak body wishes to undertake in support of Landcare Australia's program of supporting activities which are consistent with Landcare Australia's fundraising purposes, included but not limited to the following:

- a) Workplace giving
- b) Regular giving

However, Landcare Australia will not be bound to act in accordance with that wish.
- c) All approved donations received with a request it be used for any group, network and peak body will be receipted from Landcare Australia (with the group, networks and peak bodies mentioned on the receipt or in the thank you letter, if applicable).
