Create a Project Plan

 The project planning considerations document provides guidance and a checklist to help you coordinate a hands-on Junior Landcare project. This resource focuses on native revegetation projects and plantings. It gives you tips, ideas and resources to consider when planning a successful project and guidelines on planning an event.

Resources

 Landcare Australia has created a range of resources to help you get started with your group, <https://landcareaustralia.org.au/youthprogram/>
