

STARTING A LANDCARE YOUTH GROUP

COMMUNICATE YOUR VISION

- 🌿 Talk to your school/ organisation's leadership team or principal. Get permission and set goals for your project.
- 🌿 Talk to your local Landcare or community environment group; they have ideas, expertise and resources.

REACH OUT FOR ASSISTANCE

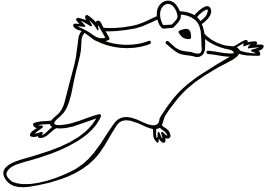

- 🌿 Use assemblies and other communication tools to promote your ideas
- 🌿 Ask your local Landcare or community environment group for help
- 🌿 Talk to your local council, politicians, Traditional Owners or businesses that may be able to assist your group and understand how to care for your local environment.

TAKE ACHIEVABLE STEPS

- 🌿 From little things, big things grow. Your goal might be to plant 200 trees but start by planting 20 trees.
- 🌿 Keep your activities fun and engaging.
- 🌿 Learn as you go. Each time you run an activity, think about what went well and what you learnt for next time.

COMMUNICATING YOUR VISION:

- Write down who you need to talk to for your project to work:
- Outline your goals and targets for your new group:

PRESENTING YOUR IDEA

- How can you present your idea to your school community and local community?
- Do your to your local MP? Write a media release and call the local newspaper or radio station? Create a poster?

TAKING ACHIEVABLE STEPS

- What steps will you be taking? Figure out what is achievable?
